**AQUAFIER® 104 SERIES
ADVANCED MULTI-STAGE
WATER TREATMENT SYSTEM**

Hydrotech 
Your clear choice in water treatment.

The Aquafier® Multi-Stage Water Treatment Systems use advanced carbon filtration technology for effective water treatment at the point-of-use. Hydrotech® offers three different models: the standard system, Smartap® Push Button flow monitored system and the Smartap® Faucet flow monitored system. All Aquafier® models feature a patented one piece, injection molded manifold, carbon block filtration, quick connect fittings and color coded tubing and are backed by a two year limited warranty.
