Refreshingly Pure Hydration™

# The Technology of Pure Refreshment

## 1. Hygienic Design

Every glass is freshly-filtered and instantly-chilled in ION's proprietary **Sealed Water Pathway™** where air never contacts the water supply.

## 2. InstaChill™

Dispense up to **8 gallons per hour of ice-cold water . . .** and ION makes sure it's 42°F or colder. No other cooler even comes close.

## 3. RapidHot™

Tea, cocoa and even instant soups are delicious with piping hot, freshly-filtered water -- convenient and ready whenever you are.

## 4. SodaPro™ Sparkling Water **Make it Sparkle™** with ION!

Indulge your healthy lifestyle with the healthy alternative to soft drinks. Try it with a twist of lemon or lime.

## 5. Built-In Filtration System

A simple twist to remove the filter, without any tools . . . even without turning off the water supply.

## 6. Energy-Saving Sleepmode™

Why run an appliance when no one is using it? Schedule ION's Sleepmode™ to reduce energy consumption anytime, anywhere.

## 7. SmartLogic™ Technology

Take control of your hydration -- ION's custom software monitors your system diagnostics 24/7 while ION's **PureAlert Filter Monitor™** ensures that your water is always fresh.

## 8. Built-In Sparkling System

No more bulky external CO<sub>2</sub> tanks. Each SodaPro™ Kit provides up to 1,000 8-ounce glasses of bubbly refreshment!

## Imagine . . .

An innovative system that replaces all the bottled water you could ever drink.

Introducing ION -- the exciting new alternative to bottled water and soft drinks. Pure water refreshment without any bottles or cans!

At the source of every delicious sip is ION's advanced filtration system, reducing a wide range of contaminants and transforming ordinary tap water into extraordinary refreshment.

Satisfy your thirst with a variety of healthy beverages: ice-cold still water, piping hot water for tea, cocoa and soup or the **bubbly effervescence of sparkling water.**

So leave the heavy bottles and sugary soft drinks behind, and start enjoying the unlimited possibilities of the simple, pure refreshment that is ION.

Good for You.  
Good for our Planet.
